

Does your state currently have a Regional Health Information Organization (RHIO) in place? If so, how would you rate your level of involvement?  
(State Attendees Only)

- |     |    |  |
|-----|----|--|
| 6%  | 1. | Yes, and I am an active participant and facilitator with a leadership role |
| 26% | 2. | Yes, and I have a seat at the table, but am otherwise not involved         |
| 35% | 3. | No, but I would like to be involved when one is formed                     |
| 6%  | 4. | No, and my involvement is not likely unless mandated                       |
| 26% | 5. | RHIO? I hear it's nice this time of year                                   |

In your opinion, how involved should the state CIO be with a state's RHIOs?

- |            |  |
|------------|--|
| <b>48%</b> | 1. Very involved                                 |
| <b>47%</b> | 2. Some involvement, but not as a decision-maker |
| <b>5%</b>  | 3. Very little involvement                       |
| <b>0%</b>  | 4. None  |

In your opinion, will the cost-savings that health IT initiatives bring make the investment by the state worth it?

**46%** 1. Yes, without a doubt

**31%** 2. Possibly

**5%** 3. Somewhat

**8%** 4. Not at all

**10%** 5. Not sure

After hearing this presentation, are you more likely to get involved in your state's RHIO?
