Pinnacle Keynote

The Warrior Within, DJ Eagle Bear Vanas

Using wisdom discovered in traditional Native American ceremonies, you'll learn the true purpose of a warrior - not what we see on TV or in movies. Warriors spent their lives developing their talent and abilities to become assets to the tribe they served. Today that tribe can be your family,

company, community, or clients - anyone you serve. DJ will inspire you to have clarity in chaos, a commitment to victory regardless of circumstance, courage in the face of fear and develop a resilience to thrive in tough conditions.

Enduring the extreme conditions of traditional ceremonies and rites of passage, DJ Eagle Bear Vanas has had the values of the warrior spirit burned into his core. A tribally-enrolled member of the Odawa Nation and a former U.S. Air Force officer, DJ inspires others to practically apply the power of the warrior spirit in business and life.

Leadership Lessons Learned...Outside the Office

Get good advice disguised as an entertaining story. State CIOs and other NASCIO members must wear multiple hats on a daily basis and attend to a broad range of responsibilities. To be successful in this environment requires important leadership traits. Five speakers will present Ignite-style talks on leadership lessons learned outside the office (e.g. through a hobby, travel experience or volunteer role).

Complete Commitment: Lessons Learned Through a Life Filled with Music, Martial Arts, Technology and Great Friends

The Future State

State government runs on IT. More than “boxes and wires and red blinking lights,” technology is a connective and innovative force that is integral to the future state. This interactive session will explore the trends shaping IT, the role of the CIO and the involvement of private sector partners. Join a diverse panel for a look to the future with a little help from the Magic 8 Ball.
