

States Do
COOL IT Stuff
All Year Long

States showcase their innovations all year round, proudly tossing their achievements as entries for NASCIO's State IT Recognition Awards.

NASCIO members are jazzed up and volunteer to serve as judges.

NASCIO members march along to select 3 finalists and bestow the grand accolade upon the standout recipient.

The NASCIO Executive Committee gives a spirited '**Laissez les bons temps rouler!**' inspired by the vibrant energy from these cool projects and formally approve the finalists and recipients.

States, and their dazzling work, are celebrated in grand style at the **Awards Dinner** during the **NASCIO Annual Conference** in **New Orleans**.
